**Subject:** RE: Area 5 aerial

Please send me the aerial you are referring to. Also, we have found piles of material and uncovered rock that are not radioactive at Holy Trinity. Basically, a pile of rocks or slag-like material does not necessarily mean we have TENORM.

Subject: Area 5 aerial

This 1963 aerial sure shows a large pile of material that overlaps area 5 that seems awful suspicious, Eric. This is in EPA reports fyi
